HOW TO BUY

TRUST WALLET (PHONE) METAMASK (PC)

DOWNLOAD METAMASK BROWSER EXTENSION

If you are on Google Chrome, head onto the Chrome Store and search "MetaMask", install the extension and setup your wallet. After that you will have to add the Binance Smart Chain to your network list. Click here for a step-by-step tutorial.

BUY AND SEND BNB TO YOUR METAMASK WALLET

You can buy Smart Chain BNB directly on Trust Wallet or you can buy it on an exchange like Binance and send it to your wallet address which can be found on the MetaMask extension. Hover over your account name and copy your BEP20 address, it should start with "0x".

GO ON PANCAKESWAP AND SWAP YOUR SMART CHAIN BNB FOR ARTIUS

Click here to go directly to PancakeSwap or use this link to manually copy the address. After you've copied the address, paste it into the search bar on PancakeSwap, selecting ARTIUS from the list and setting the slippage to 7%. If you get an error, increase the slippage to 8% and if you continue to get errors, round your ARTIUS amount to the nearest ten. (For example 524.23 ARTIUS would round to 530 ARTIUS)

CHECK YOU GOT YOUR ARTIUS IN YOUR WALLET

If you cannot see your ARTIUS in your wallet, click add token at the bottom of the MetaMask extension and insert the ARTIUS address in the custom token section. Congratulations, you are now a holder of ARTIUS!
